Between \$150,001 - \$200,000	\$554.00
Above \$200,000	Price on Application

### **\*Structural vs Non-Structural**

**Structural** – Any work that involves Water Proofing, including Bathroom/Kitchen renovations.

**Non-Structural** – Installation/maintenance of gutters, downpipes, other pipes. Roof tiling will be non-structural unless the work impacts on the integrity of the roof frame which will incur structural rates.

To avoid confusion, check with MGA Insurance Brokers prior to quoting.
